**POSITION ANNOUNCEMENT # 00014701
REQUISITION # 59509**

Title: Assistant/Associate Professor of Entomology (Veterinary Entomology)

Location: Entomology & Nematology Department
University of Florida
Institute of Food and Agricultural Sciences (IFAS)
Gainesville, Florida

Salary: Commensurate with Qualifications and Experience

Review Date: For full consideration, candidates should apply and submit additional materials by April 1, 2020. The position will remain open until a viable applicant pool is determined.

Duties and Responsibilities

This is a 12-month tenure-accruing position that will be 30% teaching (College of Agricultural and Life Sciences), 60% research (Florida Agricultural Experiment Station) and 10% Extension (Florida Cooperative Extension Service), available in the Entomology & Nematology Department, Institute of Food and Agricultural Sciences, at the University of Florida. This assignment may change in accordance with the needs of the unit. Teaching duties will include offering undergraduate and graduate courses in medical/veterinary/livestock entomology through both on-campus and distance delivery. The faculty member will actively participate in graduate and undergraduate education by chairing and serving on graduate committees, supervising thesis, dissertation and undergraduate research, and publishing the results with their students. Research duties include development of an extramurally-funded research program in veterinary entomology with emphasis on management of external parasites and biting flies of livestock, poultry, companion animals or wildlife, including potential disease vectors. The faculty member will seek contract and grant funding actively to support their program. Publishing research results in peer reviewed and other appropriate journals is expected. Extension duties include the development and delivery of appropriate recommendations for external parasite and fly management to county Extension personnel and clientele groups. Tenure will accrue in the Entomology & Nematology Department.

The successful candidate will engage in scholarly activities related to instruction, including teaching undergraduate and/or graduate courses, advising and mentoring undergraduate and graduate students, participating in curriculum revision and enhancement, seeking funding for the teaching program, supervising undergraduate and graduate research and creative work, publishing teaching-related scholarship, producing learning tools, and engaging in professional development activities related to

The Foundation for The Gator Nation

An Equal Opportunity Institution

teaching and advising. Faculty are encouraged to support and participate in the CALS Honors Program, distance education, and international education.

Because of the IFAS land-grant mission, all faculty are expected to be supportive of and engaged in all three mission areas—Research, Teaching and Extension—regardless of the assignment split specified in the position description.

Qualifications

Required:

A doctorate (foreign equivalent acceptable) in entomology or allied subject area with training and experience in veterinary/medical entomology or a closely related discipline is required. Candidates must have demonstrated skills in verbal and written communication, interpersonal relationships, publication in peer-reviewed journals, and procurement of extramural funding. Candidates must be supportive of the mission of the Land-Grant system. Candidates must also have a commitment to IFAS core values of excellence, diversity, global involvement, and accountability.

Preferred:

Postdoctoral experience and teaching experience are desirable.

Background Information:

The University of Florida (<http://www.ufl.edu>) is a Land-Grant, Sea-Grant, and Space-Grant institution, encompassing virtually all academic and professional disciplines, with an enrollment of more than 56,000 students. UF is a member of The Association of American Universities. The Institute of Food and Agricultural Sciences (<http://ifas.ufl.edu>) includes the College of Agricultural and Life Sciences (<http://cals.ufl.edu>), the Florida Agricultural Experiment Station (<http://research.ifas.ufl.edu>), the Florida Cooperative Extension Service (<http://extension.ifas.ufl.edu>), the College of Veterinary Medicine (<http://www.vetmed.ufl.edu>), the Florida Sea Grant program (<http://www.flseagrant.org/>), and encompasses 16 on-campus academic departments and schools, 12 Research and Educational Centers (REC) located throughout the state, 6 Research sites/demonstration units administered by RECs or academic departments, and Florida Cooperative Extension Service offices in all 67 counties (counties operate and maintain). The School of Natural Resources and Environment is an interdisciplinary unit housed in IFAS and managed by several colleges on campus. IFAS employs over 2500 people, which includes approximately 900 faculty and 1200 support personnel located in Gainesville and throughout the state. IFAS, one of the nation's largest agricultural and natural resources research and education organizations, is administered by a Senior Vice President and four deans: the Dean of the College of Agricultural and Life Sciences, the Dean for Extension and Director of the Florida Cooperative Extension Service, the Dean for Research and Director of the Florida Agricultural Experiment Station, and the Dean for the College of Veterinary Medicine. UF/IFAS also engages in cooperative work with Florida A&M University in Tallahassee. The Entomology and Nematology Department is a unit in the Institute of Food and Agricultural Sciences (IFAS) and has a diverse teaching, research and extension education programs with 32 faculty members on the Gainesville campus, 35 faculty located across the state at research and education centers, 50 courtesy faculty, and 30 support personnel.

Employment Conditions

This position is available August 1, 2020 and will be filled as soon thereafter as an acceptable applicant is available. Compensation is commensurate with the education, experience, and qualifications of the selected applicant.
