Contact for Questionsmsue.hr@msu.edu**Northeast Michigan Field Crops Educator****Position Overview**

Michigan State University Extension will expand their capacity to serve the Field Crops industries in Michigan. A new Extension Educator position will be added to the existing core of 16 Field Crops Educators providing education and service to the Michigan Field Crops industries. The position will be located in the crop diverse region of northeast Michigan and be based in Presque Isle County. Michigan State University Extension encourages self-motivated people trained in this area who are eager to work with crop farmers to help them improve the profitability, viability and sustainability of Michigan agriculture to apply for this position.

Qualifications**Minimum Qualifications** (see full description for complete list of requirements)

- Master's degree from an accredited institution in a field of study related to crops science, horticulture, soil science, entomology or plant pathology preferred; candidates with a Bachelor's degree in a field of study related to crops science, horticulture, soil science, entomology or plant pathology and associated experience, will be considered, with expectation that the selected candidate will complete a Master's degree in a related field, within a specified time frame, as discussed with the hiring manager, prior to employment.
- Demonstrated ability and skill in educational program planning, implementation and evaluation.

Desired Qualifications

- Understanding of, and/or experience working with, the field crop industry.
- Experience in designing, establishing and analyzing field research projects conducted with grower cooperators.

Application Process

To view the full position description and required qualifications, please visit the applicable Michigan State University careers page (internal candidate or external candidate) as noted under the To Apply section. **Search for posting number 555139 using the Job Search field.**

Applicants are asked to provide a current resume, cover letter and four (4) professional references including email addresses.

This position is a full-time, fixed term end dated appointment.

**Application Deadline: February
13, 2019.**
