Area of Specialization (if applicable):

The student will list below, on consultation with the major adviser and with the approval of the minor department(s), a detailed program showing the proposed course of study for the Masters Degree. In the block marked "Courses to Remove Deficiencies" list those undergraduate (or graduate) courses taken to remove deficiencies and as prerequisites to graduate work. Following its approval, changes in the program will be made only on written recommendation of the major department (or of both the major and minor departments if the change affects the minor).
